Empathy Map Canvas:

An empathy map is a simple, easy-to-digest visual that captures knowledge about a user's behaviours and attitudes.

SAYS: • I'm not sure if my explanation is technically correct." • "Can AI tell me where I'm making mistakes?" • "I want to improve before my interview.	**THINKS:** • "Will I perform well in my viva?" • "I wish I had instant feedback instead of waiting for faculty." • "Am I actually understanding the concept?
SAI PAVAN — Final Year Engineering Student *Role / User Type: Student preparing for interviews, presentations and viva examinations*.	
DOES: • Practices explanations aloud before exams. • Records voice multiple times. • Uses AI tools to learn concepts.	**FEELS:** • Nervous before interviews and viva. • Confident after receiving AI feedback. • Motivated when improvement is measurable.
